

MEMORANDUM OF UNDERSTANDING

Between

**Subtropical Horticultural Research Institute
at Jeju National University**

And

**Applied Biotechnology for Crop Development Research Unit
at International University, VNU-HCM**

May, 20th, 2023

MEMORANDUM OF UNDERSTANDING ON THE JOINT CONDUCT OF RESEARCH ACTIVITIES IN THE FIELD OF PLANT BREEDING AND PLANT GENETICS BETWEEN "SUBTROPICAL HORTICULTURAL RESEARCH INSTITUTE IN JEJU NATIONAL UNIVERSITY" AND "APPLIED BIOTECHNOLOGY FOR CROP DEVELOPMENT RESEARCH UNIT AT INTERNATIONAL UNIVERSITY, VNU-HCM";

Each represented by the President, in his turn and for the purposes of this MoU represented by SUBTROPICAL HORTICULTURAL RESEARCH INSTITUTE IN JEJU NATIONAL UNIVERSITY, represented by Prof. Dr. Hyo Yeon Lee, the Head of Jeju Sustainable Agricultural Research Institute, Jeju National University, Republic of Korea

Acting through its Jeju Sustainable Agricultural Research Institute,

Principal Investigator: Prof. Dr. Yong Suk Chung

And

APPLIED BIOTECHNOLOGY FOR CROP DEVELOPMENT RESEARCH UNIT AT INTERNATIONAL UNIVERSITY, VNU-HCM, represented by Assoc. Prof. Dr. Nguyen Phuong Thao, Head of through Applied Biotechnology for Crop Development Research Unit, International University, VNU-HCM, Vietnam

Acting through Applied Biotechnology for Crop Development Research Unit

- hereinafter individually or jointly "Party"/"Parties"

Whereas the Parties wish to conduct joint research activities in the field of plant breeding and genetics, for the purpose to characterize and understand wide-scope wild germplasm, And whereas the Parties wish to prepare applications for third party funding to support the joint research.

The Parties agree on the following:

1. The Parties will engage in the following activities:
